Arizona Corporation Commission

Dear members of the Arizona Corporation Commission,

Docket Number: E-01345A-16-0036 + E-01345A-16-0123

As an APS customer and stockholder, I am writing to urge you to say no to the proposed APS rate hike. If APS has enough money to contribute heavily to election campaigns, they have enough to run the corporation. There seems to be quite a bit of fat that can be trimmed and it has not been done. Also, start complying with requests to see the books

As an APS customer, the need for APS to invest in costly generation, transmission and distribution is reduced when I reduce my electricity, yet the cost goes up. This is ridiculous if APS continues to get away with the "save electricity" campaign so they can charge us in another way.

Please also vote no on mandatory residential demand charges. Charging consumers for the maximum amount of demand used in only one hour of the month is likely to increase what consumers pay each month and decrease incentives to reduce energy use.

Please say no to unfair utility charges.

Sincerely,

MS. Gail Coronato
